

# JOINT CALL ON POSITIVE ENERGY DISTRICTS AND NEIGHBOURHOODS

With this first of a series of calls on the topic of Positive Energy Districts and Neighbourhoods (PED/PEN), JPI Urban Europe invites transdisciplinary and cross-sectoral communities of researchers and practitioners to create projects with focus on:

- Smaller-scale joint R&I projects (duration 1-2 years) on PED/PEN implementation
- Providing transnational alignment
- Comparison and exchange of experiences between ongoing (European) projects in different PED implementation phases
- Their integration in general urban strategies
- Stakeholder involvement strategies and the role of geographical/climatic conditions.

## The Call Topics

**Topic 1:** *Contributing to the climate-neutral city: Holistic approaches for PED implementation*

**Topic 2:** *Embeddedness in local contexts: Applied approaches for integrating PEDs in different urban contexts and the legal framework*

**Topic 3:** *Engagement and governance: Urban governance, stakeholder involvement concepts and business models*
