Supporting materials research for:

- Contribution to the European Green deal
- Achievement of Sustainable Development Goals
- Future batteries development

# M-ERA.NET JOINT CALL 2021

Funding is offered to innovative projects focusing on

- Modelling for materials engineering, processing, properties and durability
- Innovative surfaces, coatings and interfaces
- High performance composites
- Functional materials
- New strategies for advanced material-based technologies in health applications
- Materials for additive manufacturing

Detailed description of the topical fields and the application procedure is given in the Guide for Proposers.

## CALL 2021 SCHEDULE

- Call launch: 15 March 2021
- Pre-proposal submission deadline: 15 June 2021
- Full-proposal submission deadline: 17 November 2021
- Start of funded projects: Feb–May 2022

## KEY DATA

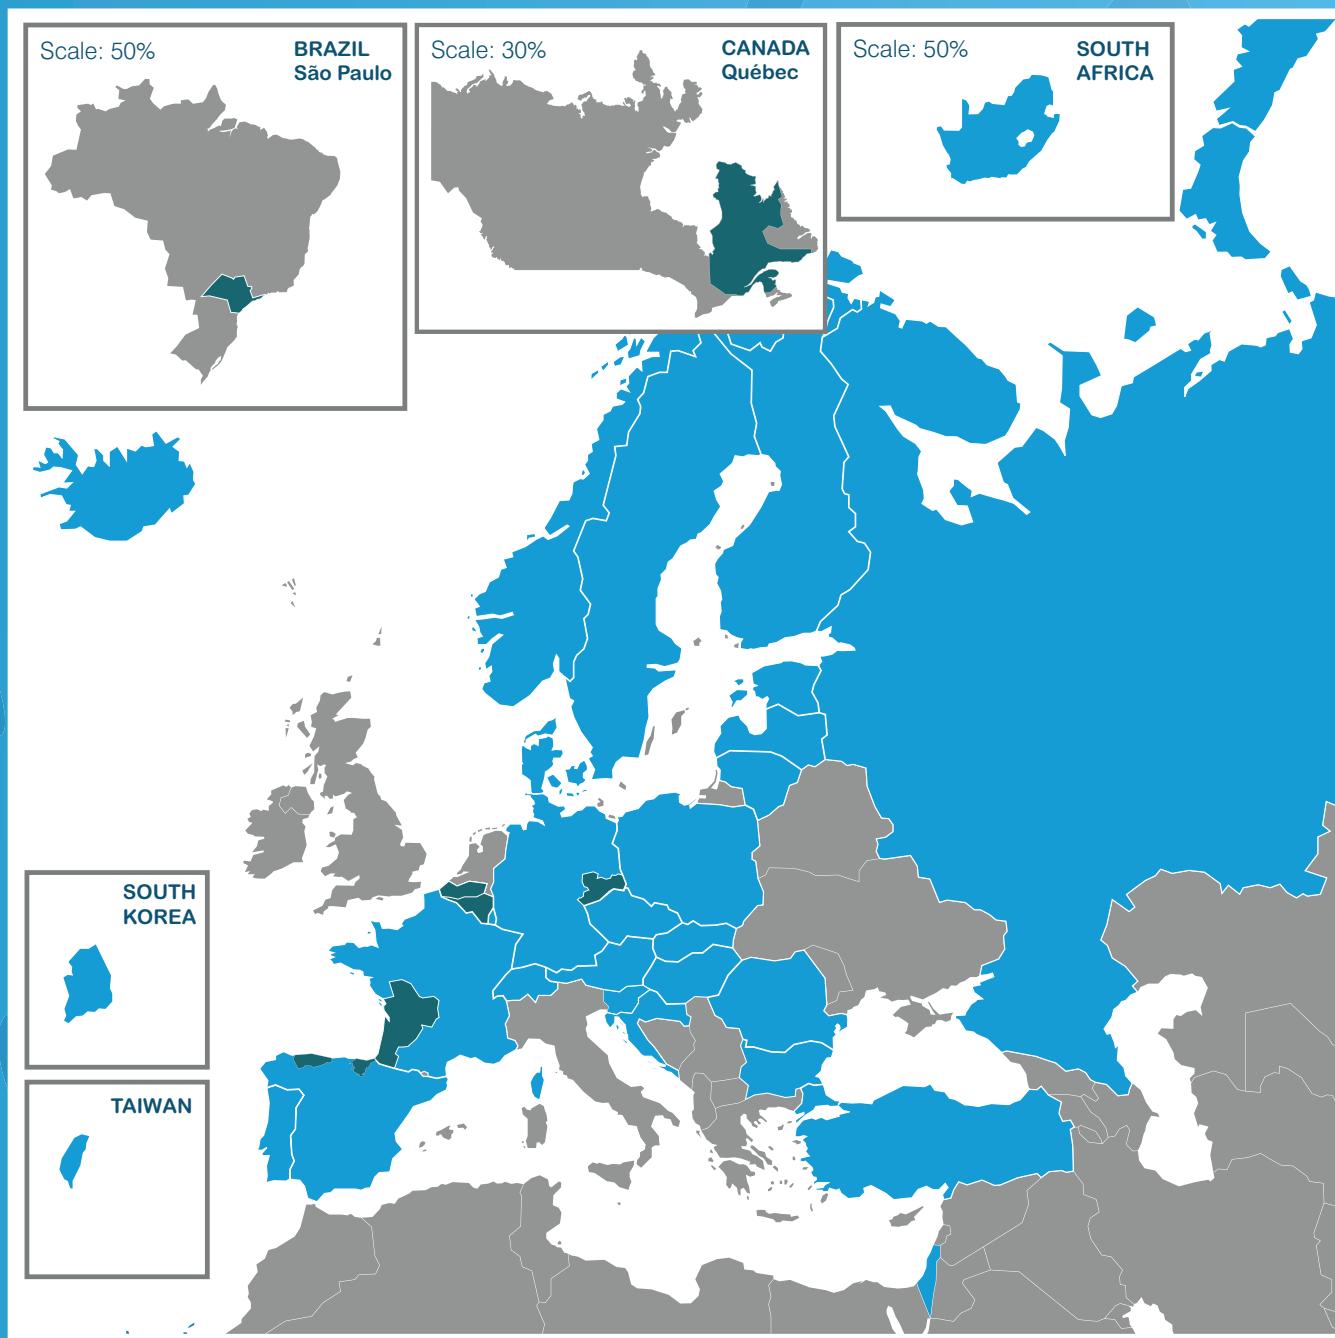

- Detailed information about call can be found <https://m-era.net/joint-calls/joint-call-2021>
- Each applicant is requested to contact his-her national/regional contact person to confirm national/regional funding rules. Contact persons are listed in the Guide for Proposers

## STRATEGIC IMPACT

M-ERA.NET will enable collaboration between leading academic and industrial research partners from European and non-European countries and regions and will facilitate access to previously inaccessible new markets.

The joint calls will mobilise a critical mass of public funding to support key players in materials research to intensify pan-European partnerships and to encourage newcomers to realise innovative RTD projects.

This increased interdisciplinary cooperation and exploitation of European and international roadmaps will create a new dynamism in the field of materials research and innovation whilst stimulating the generation of leading knowledge along the innovation chain.

Only countries/regions participating in the Joint Call 2021 are shown on this map | nat./reg. = blue/green
